

PRODUCT DATA SHEET

ZincomondTM EN Grade Nickel Sulfate

Using technology originally licensed from INCO, and with the highest quality feedstock from Vale(Inco), Zenith's nickel sulfate is widely used in electroless plating for hard disk, PCB and other demanding applications.

Certification: ISO 9001:2008 、 ISO 14001:2004 、 OHSAS 18001:2007

Chemical Composition : typical weight percent

NiSO ₄ ·6H ₂ O (EN Grade)									
Ni+Co	Co	Cu	Fe	Pb	Zn	Ca	Mg	Na	Cd
22.2 (Min)	<0.0005	<0.0001	<0.0005	<0.0001	<0.0001	<0.001	<0.0005	<0.005	<0.0001

Appearance: Green Crystals

Uses: Electroless plating.

Packing: 25kg per plastic bag
40 bags per wooden pallet, with plastic stretch wrap
